Your sponsorship and the benefits to the children at Big Brothers Big Sisters...

Match Sponsor

As a **Match Sponsor** you are supporting a relationship between a child and a volunteer. Volunteers serve as role models; teach by example the importance of giving and giving back, staying in school and having respect for family, peers and community. Our mentoring programs provide children with a role model and a friend to talk to and share experiences of growing up with. Through regular outings, a relationship is developed between the mentor and the child that is built on trust and common interest, and is supported by our caseworker.

There are many components of building a successful match starting with a thorough screening process for volunteers as well as intake for children and families. Matches are made carefully to ensure a positive experience for the child and volunteer. To ensure a match is developing, our experienced caseworker monitors the health and well-being of the match and supports the child, parent and volunteer when required.

Team Little Sponsor

As a **Team Little** sponsor you are supporting our mentoring programs as well as providing a fun outing for kids. On Bowl For Kids Sake event day children waiting to be matched with a Big Brother or Big Sister will have the opportunity to bowl. The agency encourages children waiting for a match to participate in sponsored community activities, their participation helps agency staff to get to know them better in turn helps the caseworker to make the best possible match for the child.

Lane Sponsor

As a **Lane Sponsor** your support assists the organization to meet our goals and objectives in the following ways:

- Recruiting volunteers to mentor in various mentoring programs.
- Screen potential volunteers and train accepted volunteers.
- Supports match monitoring to ensure healthy relationships.
- Assists the agency to purchase and replenish Buddy Boxes located at 7 partnership schools.

Table Top Sponsor

As a Table Top sponsor your support will assist our food programs for our group mentoring programs Go Girls and Game On programs. Each 7 week program provides healthy snacks to assist in program curriculum around healthy bodies healthy minds.
